RIBBON CUTTING

Last Thursday, we had the incredible privilege of celebrating the ribbon cutting of The Dorion Family Pediatric Center, a milestone made possible because of your generosity, belief, and commitment to the children and families served by –

Community PēdsCare®. Whether you joined us for the celebration or supported this vision from afar, please know that this achievement belongs to you. Thank you for helping transform a dream into a reality for the hundreds of children and families who will find comfort, connection, and care within these walls for years to come.

The Dorion Family Pediatric Center is more than a building, it is a place where children can simply be children. It is a space where laughter can be louder than illness, where families can find moments of joy alongside one another, and where parents and caregivers can rest, connect, and feel supported by a community that understands their journey. Most importantly, it provides a permanent home for Community PēdsCare to grow and expand its impact, ensuring even more families receive the compassionate care they deserve. Thank you for making this possible. If you have not yet had the opportunity to visit the Center, we invite you to contact Annie Tuttle to schedule a tour. We also encourage you to share this exciting news with friends, family, and colleagues who may be inspired to support the future of pediatric palliative and hospice care in our community.

Watch the video above to see the incredible impact your generosity has made possible.

C.A.R.S.

Thank you to Ring Power and the C.A.R.S. Committee, for your generous support of Community PedsCare and The Dorion Family Pediatric Center.

Funds raised through this year's C.A.R.S. event are helping create a place where children and families can find comfort, connection, and support during life's most challenging moments. We are so grateful for your partnership and the impact you continue to make in our community.

VETERAN-TO-VETERAN

Our Veteran-to-Veteran Hospice Volunteer Program connects military veterans with hospice patients who have also served, creating meaningful bonds through shared experiences, understanding, and compassionate companionship. Veteran volunteers provide support, assist with legacy

projects, and help ensure every veteran is honored with the dignity, respect, and gratitude they have earned while offering fellow veterans a meaningful opportunity to continue serving others.

To learn how you can become a Veteran-to-Veteran volunteer or help support this important program through philanthropy, please contact The Foundation at foundation@communityhospice.com.
